

ACHIEVING A ZERO WASTE TOWN

417.4

tonnes of
e-waste
collected

40.6

tonnes of
paper
collected

241

tonnes of
textiles
collected

2146

shoes
collected

112

kilograms of
red packets
collected

CREATING A GREENER ENVIRONMENT

233
TREES

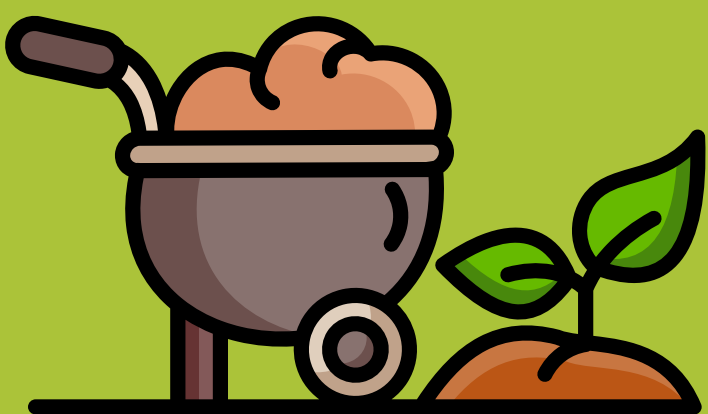

planted in
Pasir Ris -
Punggol Town

Absorb
approximately

2296

kilograms of
carbon dioxide

60

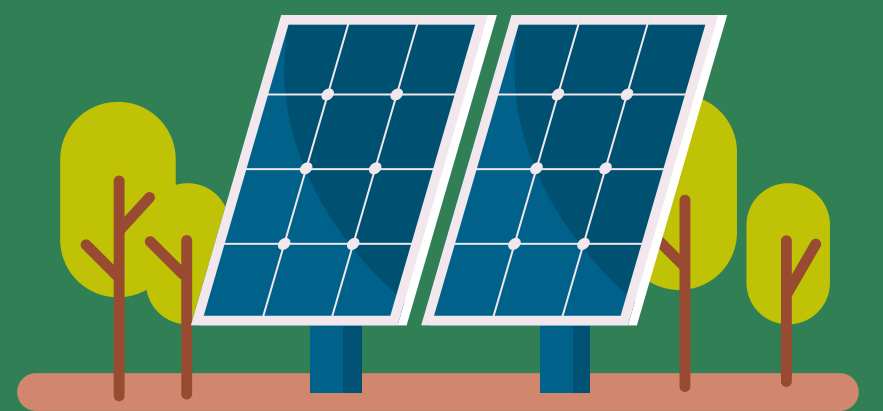

TONNES

plant waste used for
mulching and other
uses

ENERGY EFFICIENCY

771
BLOCKS

are with solar
PV panels and
generated

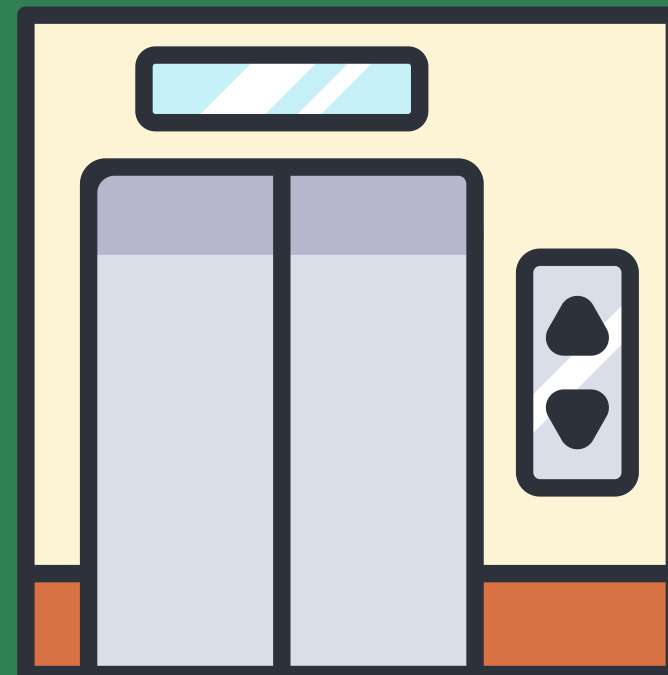

54.6

Gwh PV energy
which can power up
approximately

12,005

4-room HDB flats for a year

79

BLOCKS

PRPG has committed to co-
fund with retrofitting of
Elevator Energy Regeneration
System (EERS) and
commence in Year 2025
